3rd International Conference CAR INTERIORS Technological challenges as a competitive factor

**30 - 31 May 2012
Torino (Italy)**

FOREWORD

ATA-Associazione Tecnica dell'Automobile (the Italian Automotive Society) and Centro Ricerche Fiat are pleased to announce the forthcoming 3rd International Conference on "**Car Interiors: technological challenges as a competitive factor**", that will take place in Torino, in May 2012.

This conference addresses to all players in this field, including vehicle manufacturers, suppliers of components and systems, public entities, decision makers, engineers and scientists. This event will provide an excellent platform for information exchange on an International level and will allow to assess the status and potential for Internal Vehicle Technologies and Materials.

The technical programme, in which the selected papers will be included, is divided into the following main topics:

- Seats
- Cockpit & Trims
- HMI - Human Machine Interaction
- Perceived Quality
- Ergonomics
- Dynamic simulation about materials for interiors

Chairman of the Conference:

Silvia Quattrocolo (Centro Ricerche Fiat)

With the cooperation of:

GENERAL INFORMATION
